### **Description of fiscal impact:**

The bill transfers certain responsibilities related to milk price control from the Department of Livestock to the Board of Milk Control. Because the Board of Milk Control will remain administratively attached to the Department of Livestock, there is no anticipated fiscal impact.

### **FISCAL ANALYSIS**

#### **Assumptions:**

- 1) It is assumed that all the duties of milk sanitarians required in Title 81, Chapter 22, MCA, remain unchanged and are not duplicated by the staff of the milk control bureau performing duties stipulated in Title 81, Chapter 23, MCA.
- 2) It is assumed that the proposed legislation does not increase the workload of the Milk Control Bureau employees who are Department of Livestock employees serving the Board of Milk Control since the Board of Milk Control is administratively attached to the Department of Livestock.
- 3) SB 286 repeals 81-23-304, MCA, and 81-23-305, MCA, which refer to credit to retailers and financing prohibitions to retailers. This is a clean up of the statutes because the Board of Milk Control deals only with producer pricing since retail milk control was eliminated in 1995.
